UF GLOW

A seedless, easy-peel early mandarin

UF Glow

UF Glow is a seedless, easy-peeling early mandarin from UF.

UF Glow is self-fertile and cold-tolerant with a mild flavor.

Trees appear to be doing better than average with HLB.

It matures mid-October and is quite productive.

Nursery and Grower agreements are available.

Highlights

- Easy-peel early mandarin
- Matures mid-October
- Self-fertile and cold-tolerant
