GOLD NUGGET

A seedless, easy-peel mandarin

Gold Nugget

Gold Nugget is from the University of CA Riverside.

It is a seedless easy-peel mandarin type with good flavor.

NVDMC recommends rootstocks other than Cleo. It matures approximately January - February.

Very little is known about this variety and its production habits in Florida, but trees are quite HLB tolerant.

Highlights

- Easy-peel mandarin
- Matures in January/February
- Very HLB tolerant
- Seedless
- From the University of CA Riverside
- Available for licensing through NVDMC
