# RBB7-34

A round seedless orange/mandarin hybrid

## RBB7-34

RBB7-34 is a navel-like seedless orange/mandarin hybrid with a round shape and vastly superior color.

It has higher brix and higher acid than navel orange and with very good flavor.

RBB7-34 is from UF and was introduced through FAST TRACK.

HLB performance and cropping is not yet known. Nursery and Grower agreements are available.

## Highlights
