

# UF/IFAS BREEDING PROGRAM

*Dr. Jose Chaparro will host a rescheduled event on*

*November 30, 2022 at 10:30 a.m.*

*at the*

*UF/IFAS Teaching Orchard*

*2801 Hull Road*

This is an opportunity to participate in a field tour of the citrus breeding program. There will also be a fruit display and research updates. This program was historically committed to mandarin production but has joined the effort to produce orange-like hybrids for the juice stream and most recently, has begun work on grapefruit.

Lunch will be provided, please confirm your attendance.

**Please RSVP to [pchaires@nvdmc.org](mailto:pchaires@nvdmc.org) by no later than November 23, 2022.**
